

4x4 support for Fairford Town Council Emergency Action Group

Gloucestershire and Worcestershire 4x4 Response (GW4x4R) is a charity which provides voluntary 24/7 four-wheel drive support to the Emergency Services, Civil Authorities and other essential services to support our community, especially during adverse weather.

Yesterday an agreement was signed between GW4x4R and Fairford Town Council Emergency Action Group (FEAG). When an emergency impacts on the local community, Fairford Town Council will now be able to call on response drivers from GW4x4R who use their own 4x4 vehicles to provide transport where normal vehicles can't get through, perhaps due to flooding or snow.

All our response drivers volunteer their time, and complete a British Off Road Driving Association course before going on call, ensuring that they know how to operate their vehicles safely in treacherous conditions.
